**School Report.** The community feast was a great success and approx. 450 showed up. There was a school mass on 11 April and the Weledeh Fine Arts program has their Band Concert and several PAC members and staff were in attendance and were very impressed with the evening and with the music teacher. The music festival is over and Weledeh did well in both choir and band. The soccer tournament for the older grades is over and Weledeh has several teams involved.
